Introducing the 2024 Willerby Malton 3 Bedroom Holiday Home

The open-plan layout and double sliding patio doors give this home a real sense of space, creating a light and bright environment from the moment you step through the door. With free standing 2 & 3 seater sofas, free standing dining table and TV points on either side of the Malton, you really can customise the layout to your own style.

Its well-equipped shaker style kitchen combines tradition with modern practicality, with an integrated fridge freezer and space for an integrated microwave. There's also plenty of storage for all your holiday essentials.

The central heating system with a high efficiency combi boiler means you can use your holiday home all season long without worrying about the costs.

The three bedrooms all come with plenty of storage, with fitted wardrobes in the master and the two twin rooms. The Malton also

comes with two toilets so no need to worry about arguing who is going to use it first.
